

South River Technologies Announced as Title Sponsor to Regional Technology Awards Program

ANNAPOLIS, MD -- 02/10/11 -- South River Technologies, Inc. (SRT), an innovator in secure managed file transfer (MFT), announced today that they will serve as the title sponsor for the upcoming Chesapeake Regional Technology Council's (CRTC) annual technology awards program.

The 6th annual Technology Awards program recognizes outstanding achievements by technology companies in the Baltimore, Annapolis, Washington Region. Awards range from highlighting innovation to contribution to the local community.

"South River Technologies is a terrific model of the kind of leading-edge tech companies quietly doing global business in the Annapolis-Washington-Baltimore tech triangle," says Kris Valerio, Executive Director of the CRTC. "We are thrilled to have SRT's support as our first-ever TechAwards Title Sponsor since they are a great example of what these awards are all about."

The event will be held on Thursday, March 24, 2011 at The Westin Baltimore Washington Airport Hotel.

"The TechAwards program is a celebration of technology excellence in the Chesapeake region that recognizes outstanding achievements in the areas of innovation, strategic growth, customer service and stewardship," says Michael Ryan, CEO of South River Technologies. "We are proud to offer our support for this great event."

About South River Technologies

South River Technologies develops secure managed file transfer and collaboration software, allowing users to access, manage and share files over the Internet. SRT's products enhance customers' existing applications, instantly enabling secure access and collaboration within those applications. More than 65,000 customers in 114 countries use SRT's software for secure file access and collaboration. For more information, visit www.southernrivertech.com.
